grow
again

The Head Office for Canadian Residential Inspection Services Ltd would like to welcome a new member to our home inspection network. Andrew Buchanan has recently purchased the Canadian Residential Inspection Services Franchise for Halifax/Dartmouth.

Andrew started his career in financial services, helping and serving customers and has a passion for customer service. He says he quickly realized that his true passion was for real estate - design, property management, renovations, construction and home maintenance. Having completed the Nova Scotia Realty course in 2009, and after many years of owning a full service Property Management company and working on numerous construction projects from old to new, volunteering with Habit for Humanity since 2007 and dedicating his spare time to these pursuits and experiencing first-hand the significance of receiving top notch home advice, it became very clear Andrew had a passion for home inspection services. He decided to venture into this business and says he has now 'become the home inspector he'd always wished he had!'

We are fortunate to have Andrew as a member of our team and look forward to working closely with him.

All the best, Andrew!
