Canadian Residential Inspection Services

To whom it may concern:

We hired Ed Wendt from Canadian Residential Inspection Services to do a home inspection for the purchase a new home in December 2012.

Ed was very personable to deal with and knowledgeable about homes and what to look for in his inspection. He conducted a very thorough inspection of the home and allowed us to go through the home with him, providing us with a great deal of information and understanding. We were able to ask questions and get advice on things that we may need to upgrade based on the inspection.

We were so impressed with his skills, knowledge, and helpful nature, that we hired him to conduct an inspection to assist in the sale of our home further to buying a new one.

I can't express the appreciation enough for the job Ed does and the honesty displayed. He takes pride in his work and stands behind his inspections 100%. I will recommend Ed for inspections to anyone and everyone in the future.

Sincerely,

Andrew and Coreena Carr
